Equipment Costs for an individual living with ALS

An ALS patient may need up to **30+** different types of equipment throughout the progression of the disease.

The average equipment cost runs from the **tens of thousands to hundreds of thousands of dollars.**

Walker
\$500

Communication Devices
\$10,000-\$15,000

These images are a small sample of some of the items an ALS patient may require.

The ALS Society of Alberta provides **all equipment at zero cost** to our families, lifting the financial burden of the disease off of their shoulders.

Manual Wheelchair
\$2500

Stair Lift
\$6000

Hospital Bed
\$5000
